The ART of Scrummaging

by Enrique TOPO Rodriguez

*“The rugby scrum is quite unique,
depending not on pure physique.
Here courage, strength and rare technique,
produce a world of grand mystique.
Its artisans might justly claim,
the rugby scrum defines the game.”*

Peter Fenton

“

I have read Topo's monumental piece on Scrummaging – let me state that this is the most in-depth study of the scrum that I have ever read and I congratulate those responsible for its production. It will provide an authoritative discussion paper when the laws are reviewed after RWC 2011.”

Ray Williams OBE

Wales, UK Coaching Hall of Fame,
Vice-Chairman of Welsh RU

“

I would like to commend Topo for the energy and thought he has put into this project.”
